

Karnatak Law Society's

Shri Vasant Rao Potdar Polytechnic, Belagavi

Where Skill-Sets
and Knowledge
meets
Aspirations...

The Karnatak Law Society took upon itself to encourage technical education for women by starting a polytechnic for women in the year 1992. In the year 1998, Smt. Ashabai Potdar of Belagavi donated a sizeable sum to the institution in the memory of her late husband and the institution was renamed as Shri Vasant Rao Potdar Polytechnic. In the year 2000 the Polytechnic was converted to Co-educational Institution. Diploma is offered by Board of Technical Examination, and affiliated to directorate of technical education, Bengaluru and the Institute is recognized and approved by AICTE, New Delhi.

Our Vision

To Train Students of Shri Vasant Rao Potdar Polytechnic, Belagavi to Become Creative and Innovative Engineers while imbining in them Engineering Ethics and Professionalism, thus empowering them to serve mankind.

Our Mission

To Make Vasant Rao Potdar Polytechnic, Belagavi Stand Out as an Institution of Excellence in Building Technical Skills and to Create Individuals of Outstanding Character, Caliber and Entrepreneurial Skills.

Chairman's message

At VPP our quest for excellence continues through various initiatives that will help our students place themselves on a career path, that does justice to their capacities and motivation. I look forward for your suggestions and ideas for raising the bar.

-Shri. U.N.Kalkundrikar

Principal's message

To impart quality education and bridge the industry-institution gap, VPP has established a Centre of Excellence which runs programmes to cater the needs of the students. Memorandum of understanding with the industries is established which helps the students in persuading internship programmes. To help students get admitted in reputed Engineering colleges, VPP conducts NATA and DCET classes for the students of final year. Your suggestions are most welcome.

-Mrs. S. S. Malaj

Editor's message

The KLSVPP E -Newsletter is an annual publication of the college. It includes a detailed report of the college activities. The students and the teachers get a scope to show their creative power through it. It consists of brief reports of activities of the departments in the college and an elaborate photos gallery providing glimpses of the campus activities. The newsletter committee invites writings from the students and teachers. The editorial board selects the qualified ones for printing. The e-newsletter serves many useful purposes. The most important feature is that it brings out the latent creative talents of the students and thus helps them to form the habit of reading and writing. It also helps them to hone their intellectual skills as well as benefits in widening the horizons of knowledge. This gives a chance to the other students to be inspired by their peers' experience. The college newsletter reflects the academic and co-curricular activities of the college.
