Karnatak Law Society's

Shri Vasant Rao Potdar Polytechnic, Belagavi

Where Skill-Sets
and Knowledge
meets
Aspirations...

The Karnatak Law Society took upon itself to encourage technical education for women by starting a polytechnic for women in the year 1992. In the year 1998, Smt. Ashabai Potdar of Belagavi donated a sizeable sum to the institution in the memory of her late husband and the institution was renamed as Shri Vasant Rao Potdar Polytechnic. In the year 2000 the Polytechnic was converted to Co-educational Institution. Diploma is offered by Board of Technical Examination, and affiliated to directorate of technical education, Bengaluru and the Institute is recognized and approved by AICTE, New Delhi.

Our Vision

To Train Students of Shri Vasant Rao Potdar Polytechnic, Belagavi to Become Creative and Innovative Engineers while imbibing in them Engineering Ethics and Professionalism, thus empowering them to serve mankind.

Our Mission

To Make Vasant Rao Potdar Polytechnic, Belagavi Stand Out as an Institution of Excellence in Building Technical Skills and to Create Individuals of Outstanding Character, Caliber and Entrepreneurial Skills.

Message from Chairman

At VPP our quest for excellence continues through various initiatives that will help our students place themselves on a career path, that does justice to their capacities and motivation. I look forward for your suggestions and ideas for raising the bar.

-Shri. U.N.Kalkundrikar

Message from Principal

To impart quality education and bridge the industry-institution gap, VPP has established a Centre of Excellence which runs programmes to cater the needs of the students. Memorandum of understanding with the industries is established which helps the students in persuading internship programmes.

To help students get admitted in reputed Engineering colleges, VPP conducts NATA and DCET classes for the students of final year. Your suggestions are most welcome.

-Ms. Shridevi S. Malaj

Editor's Message

Dear Readers,
Greetings...

The students are facing confusion about exams, anxiety about future career choices due to the COVID-19 pandemic. There has been a shift in the teaching and learning activities at our institution. We are looking at more resilient practices which can be adopted to function under such unstable conditions. An initiative of designing and fabricating a pedal operated sanitizer stand for schools and colleges was undertaken by the faculty of VPP.

Organizing an international webinar, online quizzes for school students, hobby fest for varied age groups.... have been some of the highlights conducted at VPP.
